The Top 15 New York Hotels

1. The Mark Hotel

One of the landmarks of the New York scene, just steps from the stores of Madison Avenue, Central Park and the Metropolitan Museum. After a £90m renovation, it has reopened with plush beds, Italian marble bathrooms and Bang & Olufsen TVs. France's famous interior designer Jacques Grange has created classic interiors that nod to the building's Art Deco heritage, and the lauded restaurant is by Jean Georges Vongerichten. Rooms from £465 a night.
