## **Warren Beatty's Babes**

Warren Beatty's still got it. The legendary ladies' man, 76, was spotted at the **Mark Hotel** bar meeting with financier Steve Bing but had women paying strict attention, too. "Beatty was being charming and cracking jokes with Bing, to the great delight of female guests," said a spy. "He hasn't lost it, even with a wife and four kids." Beatty was also having lunch at the hotel yesterday while model Natalia Vodianova, girlfriend of LVMH scion Antoine Arnault, took a business meeting nearby.
